UNCLE SAM'S RHYMES

A Fare You Well

I've journeyed nearly seventy years
Within this world of care,
And saw its best from first to last
All that it could prepare.
I've seen its joys, yes, unalloyed
Play gracefully around my heart,
Old age came on, the scene has changed
And now I must depart.
To seek a refuge found in death
Where eyes no more can weep,
Where my old quivering frame can rest
In one sweet dreamless sleep.
A sleep where naught can ever disturb
Just one eternal calm.
'Tis only death that offers this,
This more than comforting balm.
I'm useless now in this world's strife
Where business holds its sway,
I cannot keep its marvelous pace
"I'm only in the way."
The future holds no gems for me
No joys that I can reap,
Now I must take the fatal drug
And quietly fall asleep.
Little did I dream 'twould come to this
That I must lie tonight,
Upon the cold and frozen ground
Beneath the stars so bright.
'Tis all a homeless soul can do
'Tis all there is to reap,
A rich reward from earthly pain
A sweet and dreamless sleep.

A Simple Transposition.

Little 4-year-old Bessie was putting on her shoes for the first time and got them exchanged.

Going to her mother, she said triumphantly: "See, mama, I got my shoes on."

"Oh!" said mamma, "but you have them on the wrong feet."

Bessie looked down doubtfully and said: "I don't see how that can be. These are all the feet I got."—Christian Herald.

Contest Closes.

We expected to publish the result of the contest last week but we decided to wait until this week in order to publish the pictures of the contestants. We offered three prizes as follows: \$25.00 in gold to the one collecting the greatest amount in cash for subscriptions, \$15.00 in gold to the one collecting the second greatest amount, and \$10.00 in gold to the one collecting the third greatest amount. We of our own accord decided to give the fourth prize of \$5.00 to Miss Ruth Wills, of Maytown, who was handicapped by sickness. The contest at its close stood as follows:

First, Miss Virginia Inez Day, amount collected \$152.00
Second, Mrs. C. O. Rose, amount collected \$122.00
Third, Miss Lexie Carr, amount collected \$105.50

We think the young ladies did remarkably well all things being considered and we take this opportunity of expressing our thanks to them for their unselfish work in behalf of the Herald.

We were disappointed in not getting the cuts of Miss Carr and Miss Wills in time to publish them this week but will publish them next week.

Expresses Thanks.

To those who so kindly sent me their subscriptions in the recent contest, I wish to extend my thanks and assure you of my appreciation through the columns of the Herald. I would like to write each of you a personal letter, but it would be a great undertaking, as I have received something over 200 subscriptions, scattered over twenty one states.

I am very thankful for your remembrance of me and hope you will be pleased to hear from both through the columns of the Herald. I might add in conclusion that Mr. Hollon conducted the contest fairly and squarely and that I have not heard a complaint from any of the contestants as each received a receipt for the amount of money turned in with the names of the subscribers written on the back of each receipt.

Again thanking you, I beg to remain,

Yours very sincerely,
Virginia Inez Day

Expresses Gratitude

I take this means of expressing my thanks to those who were so kind as to send me their subscriptions for the Herald in the contest. While I did not win the first prize, I am thoroughly satisfied with the result for I know I got credit for all I did and my gratitude to my friends is as great as if I had won first prize.

Again thanking you, I am,
Very sincerely,
Mrs. C. O. Rose.

Shows Appreciation.

I wish to thank my many friends both far and near for their help and kindness extended to me in the recent contest and I hope each of you will enjoy reading the Dear "Old Herald." I also wish to thank Mr. Hollon for the fairness in which he conducted the contest. Winning one of the prizes was not my only object in entering the contest but I wished to help along the dear old paper.

Yours very sincerely,
Lexie Carr,
Ezel, Ky.

Samuel and Farish Arnett, of Hendricks magoffin county, came to Hazel Green this week to see their grand mother, Aunt Eliza, who fell last Sunday and was seriously injured in the back. At this writing, Thursday, Aunt Eliza is better. The boys left for their homes Tuesday and we might mention that they helped the Herald along while here in a rather material manner.

Our Prize Winners

MISS VIRGINIA INEZ DAY

The Winners.

The contest is over, the prizes won. Now all seem joyous beneath the sun, And we have proven to the world That truth alone endures the Herald. The judge's count was accurately done. They noted the figures as they ran, With impartial taste and honesty refined. There are no burdens on their mind. Just note the pictures on this page. They are the ladies who did engage, In sending subscribers from o'er the world. They have done wonders for the Herald. The other ladies in the field. Whose pictures failed to be revealed, Gave heart and mind to this good cause And merit their share of rich applause.

Miss Virginia Inez Day. Sent subscribers in, in fine array, Into every state her letters flew And o'er the wire done business too.

For which exertion neth he skies This lady received the first air prize. Her share was 25 dollars in gold. And she is pleased so I am told.

Mrs. Elizabeth Rose the second in line. Did her work well 'twas superfine. By her efforts subscribers were enrolled. Her share was 15 dollars in gold.

There's Miss Lexie Carr had to excel. As the hells girl of fair Ezel. Has done good work while on the line. In next weeks issue she will shine. A Ten Dollar gold piece she did win. For the many subscribers she sent in.

Now Miss Ruth Wills of Maytown fame. Failed to stay to the end of the game. Sickness blocked her radiant show. She was compelled to leave. But for her efforts and good intent. A 5 dollar gold piece to her was sent. Her picture too will also grace. With Lexie in a conspicuous place.

UNCLE SAM.

MRS. CURTIS O. ROSE

Grand Home Coming.

Our contest which closed last week had one disadvantage. We did not get to read nor did we get to publish for others to read the letters from those who subscribed and who live at a distance. It has always been a custom with the Herald to publish letters from its subscribers who live at other places. It gives the subscriber's friend a chance to hear from him. We are not going to change the custom. It is a pleasant task for us to let you hear from people, from whom you would probably hear nothing except through the columns of the Herald. Let's have a chimney corner talk among ourselves. You no doubt pay your money for the Herald to hear about your old friends in this part of the country but how are they going to hear from you? Don't you suppose the people back here are as anxious to hear from you as you are to hear from them?

In studying the matter over, this idea came to us: instead of your reading about us we will read about you. In our issue of March 15th, we will print nothing except letters from our subscribers who live at a distance from Hazel Green or any place where the Herald has correspondents. Somebody wants to hear from you. They want to know where you are, what you are doing, whether or not you have children, how many children you have, whether or not any of your family has died and a thousand and one things. So get busy and write a letter to the "Dear Old Herald." Do not any of you fail to do so. No matter whether you are high or low, rich or poor, bond or free, write a letter. Some one wants to hear from you. Let's make this issue a regular "Home Coming" issue. Let everybody hear from everybody else in this issue. Don't fail to write and help us make this issue a grand success.

Mrs. Geneva Brown, of Trent, this county, on Thursday accompanied her son, James, to Lexington to consult a specialist on stomach trouble. Jim has been a sufferer with stomach trouble for a year or more and hope by this trip to gain relief.

The Revs. Scott and James Nickell, of Gillmore, were pleasant callers in The Herald office on Thursday. Before leaving they also helped The Herald in a material way and by the way Jim is well given all of you a nice surprise next week. So look in next week's paper and see what he has to say.

LEEERN ALLEN.

In this issue appears the announcement of Hon. Leebern Allen, of Campton, for the Democratic nomination for County Attorney of this county, subject to the August Primary. Mr. Allen was born at Lee City September 11, 1887. He obtained the rudiments of his education in the public schools and at the age of fifteen entered the Hazel Green Academy, and attended that school during the winters of 1904-5-6. In January 1907 he matriculated in Berea Normal, and graduated with high honors from said institution in June, 1909. He was admitted to the bar June 7, 1910 and actively entered upon the practice of law. Not being fully satisfied with his legal equipment he entered the Law School at State University in January, 1911, and graduated in June 1912, having done double work well. Since that time he has been a conspicuous figure at the Campton bar, and has done considerable practice in neighboring counties. His rise in the profession has been rapid and phenomenal, due to the natural bent of his mind to law, his studious habits and dint of energy and ambition. He knows no obstacles and brooks no danger. He has been employed in every murder case in this county except one since his admission to the bar. By kindness, fair treatment and able services when employed, he has made for himself a name as a lawyer second to none in this section. End he has a host of clients who will gladly commend him as an able, successful lawyer. As a student of law he has few equals, being an adept in finding law in point with his case and forceful and convincing in his manner of presenting it. He has met in the legal forum able and experienced lawyers and measured steel with them in a manner that demonstrated that he was made of the material from which great lawyers are made. He has shown in the law the same qualities of grit, grace and gumption which characterized him when working on the farm, punching oxen in the log woods and doing other hard works to obtain his education, always hopeful, full of energy and ambition.

While Stephen Sample was County Attorney young Allen visited the courts of Justices of the Peace in the various parts of the county when Sample could not be present and prosecuted penal cases in said courts. He did the same thing during the incumbency of Green Berry Stamper and G. C. Allen. His work in the prosecution of violators of the law when he acting as prosecutor was always efficient and satisfactory to said officials and those interested in the prosecutions and a check and menace to the lawless and unwieldy. He has never been recreant to a trust or disloyal to a friend. It has been customary in the past to give young men who are qualified and deserving the office of County Attorney for at least one term. No better qualified nor deserving young man could aspire for the place, and we ask at the hands of the democratic voters of the county a careful consideration of his claims for the office. As a democrat his record is without spot or blemish, being a democrat from principle and always found in the thickest and hottest of the fight, supporting democratic nominees and democratic principles. With this introduction we leave him to the tender mercies of a just and appreciative democracy.

BAILEY'S PLEA FOR PEACE.

Congressman Bailey, of Pennsylvania, makes the following appeal in his paper, the Johnstown Democrat:

"It seems to me the high and solemn duty of every American citizen to speak soberly and without passion at this critical juncture. What little influence I may have is being exerted in behalf of keeping the peace. I do not want war. The President does not want it. He is hoping as I am hoping and as the country is hoping, that Germany may not pursue a course which shall bring on a conflict.

"It is to be regretted that the jingoes are appealing to the mob spirit, and are branding as traitors all Americans who are not joining in their clamor for war. If we have war let us have one of our very own, not one that was begun by some other nation for its own purposes, and in which we have no concern except as involuntary and incidental sufferers along with other non-combatants. Every injury of which we have complained has been incidental and not deliberate and intentional. No country now at war is our enemy. All of the belligerents want our friendship. Not one of them has thought of doing us harm of set purpose. We have been hurt only because those who are fighting have hit us in striking at the enemy. Not one blow has been aimed at us.

"I have done what I could in my paper and otherwise to counsel deliberation, to discourage reckless and irresponsible outbreaks of feeling, to invoke calmness, to keep down the evil passions which too often mistake themselves for patriotism. As I understand patriotism, it does not necessarily imply the breaking of your neighbor's head or the destruction of his property. I can think of a patriotism which strives to keep peace, which makes for good will and good understanding, which relegates the big stick to the savagery of which it belongs and which appeals to the higher sentiments of mankind. I am not of those who have been doing their utmost to drive this country into the European shambles. I have felt it to be my highest duty as an American citizen and as a member of congress to use every power at my command to keep us out of entangling alliances and on a footing of amity with all the nations of the earth."

LANDSAW NOTES

E. T. Kash visited his family at
Hazel Green the last of the week.

Born to the wife of John Dalton

Tuesday here.

pton.

week.

the day. At last the farmers are
beginning to realize the necessity
of doing this.

week; price fifty and sixty five
dollars.

A Mr. Nickell and Mr. Risner,
of Morgan county weighed up a
nice lunch of hogs here Saturday
which they had bought on Holly
creek, paying 84 cents per pound.
Farmers why not hustle and take
advantage of the high prices?

W. H. Tackett, Bill Hollon,
John Burchfield, Sam Rose, Isaac
Hollon and E. T. Kash of this
place and Robert Tackett and H. J.
Spence of Oakdale, were called to
Campton last Wednesday as wit-
nesses in a suit between Mills Hol-
lison and James McQuinn over a
horse trade; it was continued until

the May term of court.

Why is it the farmers do not get
a move? If all would clean out
the sprouts and briar patches, sow
grass and work their farms to the
fullest extent it would give them
an advantage over the high prices;
besides that it would create a de-
mand for labor to the extent that
farm labor would advance and
stop rush to manufacturing cen-
ters. Something wrong some-
where when we see a good, rich
farm all grown up in fifth, and the
owner buying his corn and m-at.
Change this and keep labor at
home.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work.
